Northern Utah Division Officers

Superintendent:	Jack Chase
Assistant Superintendent:	Fred Baney
Treasurer:	Stan Jennings
Director-at-Large:	Jim Wanlass
Director-at-Large:	Steve Moore
Director-at-Large:	Geoff Carter
Director-at-Large:	Blaine Holbrook

Committee Positions

Advertising/Marketing:	Steve Moore
Convention Chairman:	Alan Anderson
Achievement Program:	Jim Wanlass
Division Operations Group (DOG's):	Jack Chase
Clinic Coordinator:	Stan Jennings
Layout Tours:	Pete Harmon
Secretary	Janet Jennings
Newsletter Editor	Rick Luther

Those of you that attended the January Northern Utah Division event are beginning to see some of the changes that your Board of Directors is making to the Division. This is being done to make our time together more interesting, relevant and valuable. We have added some light refreshments during the meeting and a small raffle of railroad related articles. We are going through our clinic content to insure that what we present to you is interesting and appropriate. We heartily welcome your input and ideas. Let's make this a great Division--together!

We have an excellent Division with a location steeped in railroad history. We need to let the World know that. To that end I encourage each and every one of you to write an article for any of the major model railroading or hobby related publications. Be sure to credit the Northern Utah Division at the end. Let's let them know that we are out there! I got 2 letters to the editor published last month! I'm sure that you can do it too.

As all of you probably know, we were awarded the NMRA National Convention in 2019. Yes, that is 5 years away, but the work has already started! Alan Anderson is leading the Convention effort. I strongly encourage you to get involved in the Convention and to volunteer. We'll need help from everyone to make this a success. This will be a great celebration of the 150th anniversary of the driving of the Golden Spike linking the USA by rail. Help us to make this an event worthy of the day in history.

Elsewhere in this issue you will see articles related to all sorts of our Division's activities. They range from the DOGs to AP to the Wasatch Rails Train Show to the Convention. Read them and enjoy.

As Charlie Getz so well states, "Well, those are my thoughts, what are yours?"

Jack Chase
Superintendent
Northern Utah Division of the NMRA
801-323-1148
jack.r.chase@gmail.com

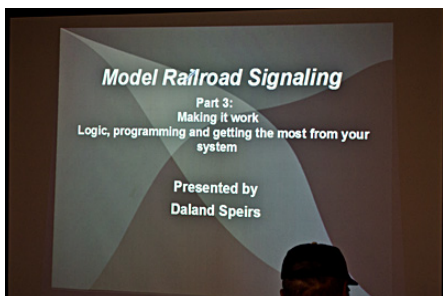

What Happened Last Month

The January 17th, 2015 event of the Northern Utah Division featured a special two for the price of one presentation. Stan Jennings went over the basics on how to give a presentation for a Division monthly event. How to choose a topic, make an outline, research your topic and many other helpful tips.

Daland Speirs concluded his superb three part presentation on Model Railroad Signaling. Daland's presentation covered such topics as making your new system work, programming and getting the most out of your new signal system.

A new feature of our monthly events will be light refreshments which include drinks and cookies. As you can see below, members wasted no time in loading up on the treats!

A few lucky people were able to take home prizes won in the raffle. Jim Wanlass drew a crowd of on-lookers explaining how he built his O scale narrow gauge cars from castings he made from his own masters. The details, painting and weathering were very well done.

The division had a table at the fabulous OT&W show last month. Jack Chase, Stan Jennings, Jim Wanlass and Fred Baney greeted show attendees and talked about the division, answered questions about the NMRA and promoted the Wasatch Rails 2015 Show. During a slower moment at the show Jim and Fred can be seen judging several models from Robert Arnesen for his Master Builder - Structures AP certificate. Keep up the great work Robert!

Notes From a New Board Member

Modelers,

The Hostlers train show is coming up in March. This is a good time to invite neighbors, grandchildren, friends and family to visit and enjoy. The more folks we get interested in our hobby, the more likely we will see an increase in attendance at all shows. I invited an older friend of mine 2 years ago and he brought his son and grandson. The grandson ended up with a train set. A good start and a chance to compete with the digital age. I feel that we must do something to encourage our hobby or eventually we may lose it. Some retail outlets may offer discount tickets.

Blaine Holbrook
Board of Directors
Northern Utah Division of the NMRA

February 21, 2015 at 3:00 PM

All About the Circus
Presented by Marty Petersen

Everyone likes a circus, yet how many know what it takes behind the scenes for the show to go on? Marty Petersen is an avid circus fan and has traveled extensively with circuses, he is one who does. Not only is he a circus modeler, he volunteers with circuses to help make them happen. We will have a behind-the-scenes view of the circus then Marty will cover circus modeling, a subject suitable for any model railroad layout era from 1840s to the present.

March 21, 2015 at 3:00 PM

Utah's Eureka Hill Railway
Presented by Stan Jennings

The Eureka Hill Railroad, is one of the most interesting railroads in Utah. Stan Jennings will present the story of this fascinating railroad, cover some mining basics and present some mine modeling ideas.

April 18, 2015 at 3:00 PM

Electrify Your Scenery
Presented by Rick Luther

Learn how to build your own static grass applicator from just a few easily available parts and for under \$10.00! Then learn the about the materials, tips and tricks to bring realistic grass to your layout.

MAY 2015

National Train Day, 2015, Ogden Union Station.

May 16, 2015 at 3:00 PM

(Subject is to be determined)
Presented by Dan Kuhn

UDOT's Railroad & Freight Planner

June 20, 2015 at 3:00 PM

A Special Two Clinic Presentation

Making a Mountain

Presented by Ron Davies

Did you see Ron's scenery workshop at Wasatch Rails 2014? The public loved it!! Now we will have a chance to make our own mountains!

Airbrushing

For those who couldn't stay for all of the December basic painting workshop or those who desire more instruction and/or practice, we will also have another painting workshop this month building on the December basic painting workshop.

We will meet at Blaine Holbrook's home this month.

July 18, 2015 at 3:00 PM

Presentation and Workshop

Trucks, which trucks are appropriate for which eras

Presentation by Fred Baney

Hands on, installing couplers and tuning rolling stock

Workshop by Fred Baney

August 15, 2015 at 3:00 PM

Presentation and Workshop

Military Railway Guns

Presentation by Paul Betts

Basic Machining

Workshop by Bill Kennedy

September 19, 2015 at 3:00 PM

Presentation and Workshop

Scale and Gauge and How to Determine Scale

Presented by Stan Jennings

Backdrops

Workshop by Steve Moore

October 17, 2015 at 3:00 PM

Hands on Weathering

Workshop by David Seely

Future presentations/workshops

A few weeks ago we were in desperate need of presenters for our monthly events. Not any more!! Some of the upcoming topics include: adhesives; machine screws; modeling Promontory Summit; making conifers; Salt Lake & Eastern Railroad; photography basics; how a steam engine works; 3D printing; wiring, both DC and DCC; plastic structures; Salt Lake & Fort Douglas Railroad; JMRI; dispatching systems; diesel detailing; more weathering; photo storage; building turnouts; making molds and casting plastic.

Division Operations Group News

Saturday, February 28, 2015 is our February DOG at **Gary Peterson's fine HO Scale Salt Lake Southern layout**. Gary is located at 4386 S. Charles Drive in West Valley, UT. He tells me that this address is also 4510 W. Honestly, my GPS always gets me close, but never quite there. If you need directions in your struggle, call me (801-323-1148 probably not much help!) or Gary at 801-966-5247 for the reality of getting there.

Our plan is to start at 10:00 AM sharp and to be finished mid-afternoon. It is a real ball to operate there and Gary is a great host. If you haven't operated at Gary's Salt Lake Southern, give yourself a treat!

At this point the crew is wide open so get yourself marked up early! Don't be disappointed by the crew being filled!

As I always state, please be very respectful of Gary's layout. He is being terrific is sharing such a real prize with us. Of course, it is always polite to bring snacks/drinks to share with your fellow crew.

Jack Chase
Crew Master--DOGs and Director
Northern Utah Division--NMRA

Saturday February 14, 2015

1 PM to 3 PM

Thayne Tenney's Layout

Location: 8998 S Meadowlark Circle, Sandy, UT

Contact: Thayne Tenney @ browntrucker@live.com

Thayne Tenney's 9 x 16 foot layout is set in the Pacific Northwest along the coast. The layout follows a master plan with most of the bench work completed and some functioning main line. There are some structures and the start of a port facility. Thayne's layout construction has stalled and so he would welcome some suggestions and maybe even some help every now and then. I think Thayne's layout is typical of many layouts hiding out there.

Rules: There is no handicap access. There is no smoking inside. The layout is on the second floor and entry is by either the front door or the garage. Parking on Meadowlark is very limited so use the adjacent street. The layout can handle 3 or 4 visitors at a time. Please feel free to ask questions and take pictures.

Etiquette: When visiting, don't criticize and don't touch the equipment. Stay as long as you like, being mindful of other visitors so as not to overfill the room.

I am ALWAYS looking for a few new layouts to add to our list. We have toured almost all of the layouts on the list that I have and I would like to continue to offer tours without having to go back to some that we have already seen. A layout doesn't have to be big or even finished. Just remember, it's your Division and it is what you make of it. Send me an e-mail and a phone number and we can talk.

Pete Harmon Layout Tour Coordinator
pharmon@bestweb.net

Achievement Program

One thing I like about the Achievement Program is that it has allowed me to stretch myself and grow in ways in this hobby that I might not have even thought of on my own. I've said that before but it is something that came up recently on one message board I'm on. As mentioned last month, I'm working on my Cars Certificate and one thing that must be built is a passenger car. I've put together several "shake-the-box" kits that are passenger cars but they need to be either scratch-built or super-detailed for the certificate. One person's response was why would I have to build something I would never use on my layout? As you could imagine, there were many replies such as build it for a friend, sell it on eBay or add a passenger line to your layout. I like the idea that it could just be in a yard or "railroad park" on display on your layout. What about trying a different scale and then just displaying it on a shelf with other railroad items? Whether or not he was too narrow-minded or unwilling to expand his horizons I don't know but what a shame to limit yourself so much as to not want to even try something "outside the box" as it were.

It was stated that the word "Achievement" is significant in the name of the program. If everything in the requirements were easy or to your own liking, would it be an Achievement? One person explained in detail how a certain passenger car prototype caused him to change his entire layout and what he modeled after seeing it. He also explained that his favorite scratch building medium for modeling for many years was with wood. He decided to try building this passenger car in styrene. It required him to learn different techniques which helped in learning and expanding his modeling skills. He was so pleased with how it turned out that he entered it into a Regional Convention contest and earned 1st place, and later at a National Narrow Gauge Convention it earned 3rd place! Now, styrene is his medium of choice and he's using it to scratch build a locomotive for that certificate. What a way to stretch one's skills, abilities and knowledge!

Some of my cars for my certificate are HO and HOn3, which is what I mostly model in. However, I've had a lot of fun learning new skills (and improving at things I've tried before) by choosing to do some in On30. Last month I explained some of what I've learned. I'm still working on them and hopefully by next month I'll have them done and will explain more about that other project I hinted at. I know some things I've learned in this larger scale will help when working in HO too.

For most of us, we have chosen a scale to work with but it's fun (and a nice diversion) to try your hand at a different scale, or you could have mostly modern equipment so why not try some good old steam?!? When giving the class for the Railroading Merit Badge the different scales are discussed and I recently made a display showing different scales and gauges. It's cool seeing the different sizes and thinking about the opportunities in the different scales and gauges within those scales. It's fun trying something different. Why not stretch yourself and try your hand at something new whether or not it's for the AP. Don't be afraid to try something new. I shared a new technique last month at our event and some guys were quite interested. What have you done lately? I'd like to know, as I'm sure others would too. Sharing these techniques can help others and that way we can enjoy the journey together.

Jim Wanlass
AP Chairman
ap@northernutahnmra.org

New Members and Renewing Members

**Please renew your membership when it comes due.
We value your talents and friendship you bring to the party.**

The Region has just narrowly averted a disaster, in that our insurance coverage was missing since the first of the year. Thankfully it has been reinstated. How did this happen, you might ask. Simple, too many participants at division, regional, and 100% NMRA member clubs who were either not members, or had lapsed membership. Policy is that if one is in a leadership position, and one lets their membership lapse, they are to be removed from office until such time as their membership once again is current. Guests (non-members) are allowed to attend 3 events, after which they are required to become members in order to participate in any further events. Simple rule of thumb, if you aren't a member, don't expect to be allowed to partake of any member benefits or to be able to join in any reindeer games. To help us all keep in the good graces of the NMRA, you can expect a friendly reminder from the Membership Committee 60 days and 30 days before your membership expires.

How does that saying go? At PC Laptops, we love you! Your fellow NMRA-NUD members, we LOVE you!

New Division Rolling Stock

We have decided to have Accurail produce a fantasy Fisher Beer car for the Northern Utah Division 2015 Division car. As you can see from the artwork, it is based on a steel ice reefer with the logos dating the car to the 1950s-1960s.

Permission has been granted by the holder of the rights to "Fisher Beer" and the artwork has been sent to Accurail. There will be only forty-eight of the cars produced, the price is to be announced. We will have a sign-up sheet available at the February 21, 2015 Division event.

Share Your Photos

SHARE YOUR GREAT PHOTOS WITH OTHERS! ENTER THE HOSTLERS MODEL RAILROAD FESTIVAL PHOTO CONTEST

March 6, 7, & 8 2015
Ogden Union Station

Basic rules: Must be a railroad subject, photo can be no larger than 8x12, must be framed so it can be hung on the grid wall

Eight categories: Steam Locomotives, Other Locomotives, Structures, Rolling Stock, ACTION, Railroading, Railroading People, Model Railroading

Photographers may enter one photo per category.

Enter 3:00 PM To 6:00 PM on Friday, March 6, 2015 or 8:00 AM To 12:00 Noon on Saturday, March 7, 2015.

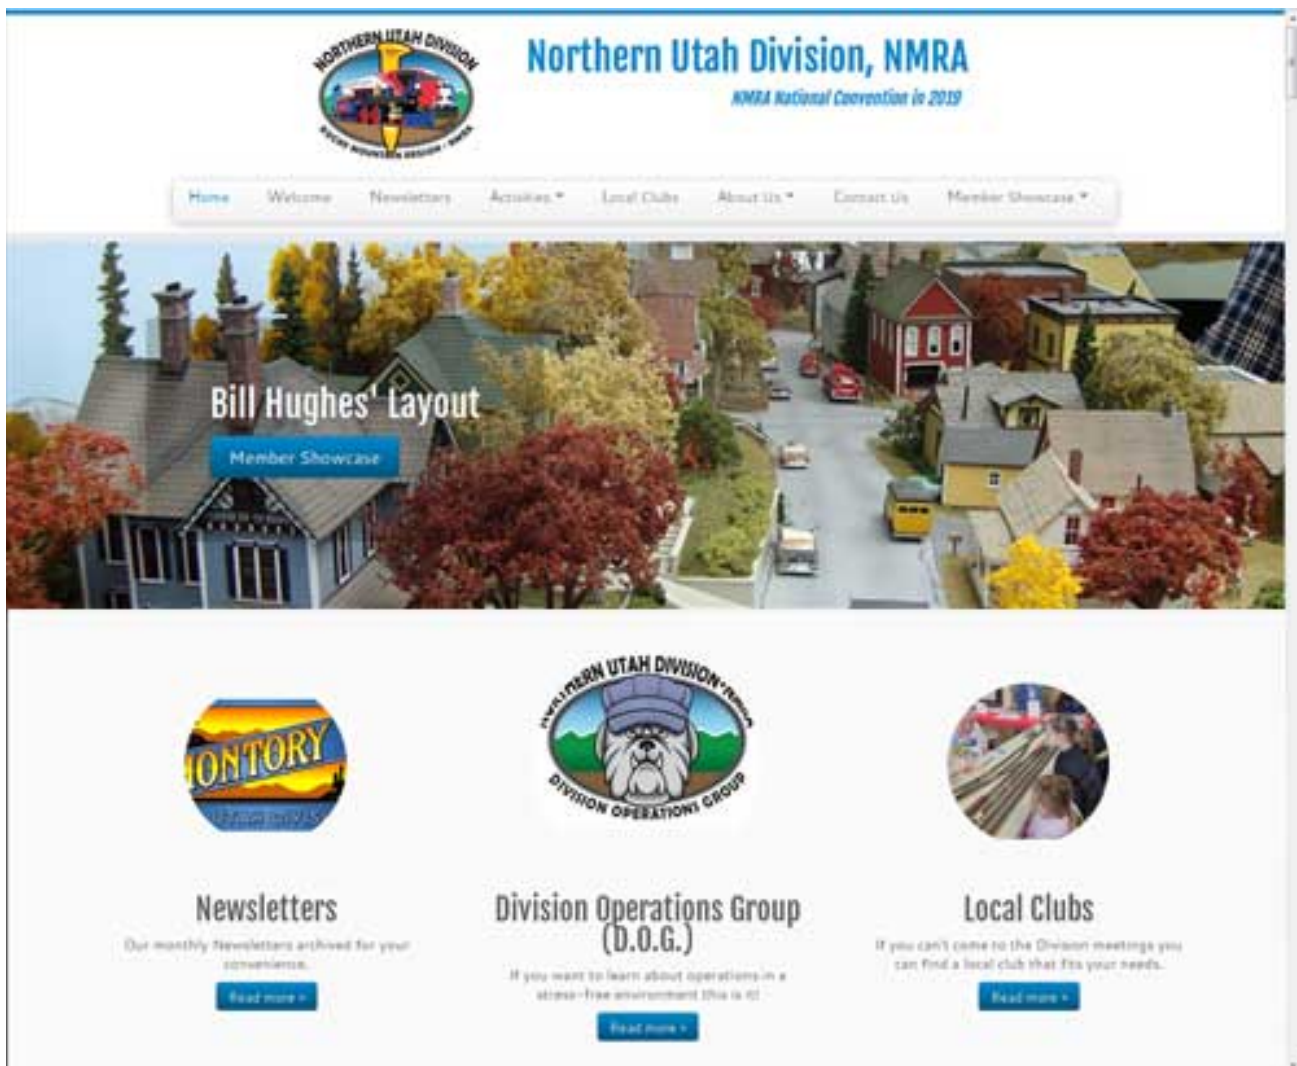

See www.hostlers.info for full photo contest rules

Our web master (Jim Wanlass) has been busy re-designing the website for the Division. If you haven't visited recently drop on by and checkout the new site. This new clean look will make it easier for visitors find all the information about Division activities such as; Layout Tours, Clinics, Meeting Times and Locations, Division Operations Group (DOG's), Local Clubs, Achievement Program and more. Check it out today!

www.northernutahnmra.org

Events of Interest

What follows is a list of railroad-type events that may be of interest to all you train nuts.

March 6th - 8th 2015

The 2015 Hostler's Model Railroad Festival at the Ogden Union Station

Friday 3:30pm to 8:30pm

Saturday 9am to 5:30pm

Sunday 9:30am to 3:30pm

Adults \$6, Adult Weekend Pass \$10, Children 12 & under free

For further information call Mike Murphy at 801-394-4952 or John Grubb at 801-678-6394.

March 6th - 8th 2015

The Northern Utah Division, NMRA, will have a table at the show to promote model railroading and the Northern Utah Division, NMRA.

If you can help, please contact Jack Chase at j.r.chase@gmail.com

Saturday evening is the annual Festival dinner to be held at the Comfort Inn in Ogden, 1776 West 2550 North. Charlie Getz will be the speaker. Contact Mark Sultan for reservations.

Sunday Morning, March 8, 8am-9:30am, the Union Grill will provide a breakfast for Festival participants. Vendor/club member: \$7.00, non-member: \$10.00. Contact Mike Murphy at 801-540-1927 or John Grubb at 801-678-6394 for tickets.

Don't forget the photo contest and the model contest, one does not have to be a Hostler member to participate. Check out the Hostler website at Hostlers.org for details.

May 2nd 2015

Model Railroad Estate Auction

Saturday, May 2, 2015 there will be a model railroad estate auction, (three different estates) at the Comfort Inn in Ogden, 1776 West 2550 North. Plan on it, there will be lots of great items available.

May 9th 2015

Ogden Union Station

The 8th annual National Train Day will be held on Saturday, May 9th. Train enthusiasts and supporters around the nation celebrate National Train Day each year at hundreds of locations across the country! More info on the date will be soon!

November 6th - 8th 2015
Wasatch Rails 2015 The Utah Model Train Show
Utah State Fairpark

Friday 3PM - 8PM
Saturday 9AM - 6PM
Sunday 10AM - 4PM

Contact Stan Jennings : 801-967-0999 or
Blaine Holbrook : bholbro1467@earthlink.net

Help Promote the Division

2019 NMRA Convention & Train Show Location

The Northern Utah Division's National Convention Organizing Committee (SLC2019) is looking for some talented model railroaders and organizers to help us plan the 2019 National Convention in Salt Lake City in July of 2019. Some committee members will be members of the National Model Railroad Convention Committee. (NMRC)

The Northern Utah Division Host Committee (SLC2019) has primary responsibility to recruit local clinicians, as well as coordinate with the NMRC for national clinicians, Modeling with the Masters, EduTRAIN™, non-rail tours, layout tours, and prototype tours among other things. Generally, all things outside of the convention hotel fall under the responsibility of the SLC2019 Host Committee...that's us in the Northern Utah Division.

We are actively looking for volunteers for the following positions:

Immediate needs: (by March 31, 2015)

Host Committee Clinic Chair – This person helps secure local clinicians for the convention and is a member of the National Model Railroad Convention Committee (NMRC) and the Host Organizing Committee (SLC2019.) Other Clinic committee members may assist this chair. This person helps organize the daily clinic schedule of both national, and local clinicians with the NMRC. Includes contacting potential clinicians, finding needs (A/V, etc.), secure their clinic and communicate with the National Model Railroad Convention Committee. Closer to the convention this person will assist the NMRC in providing content for the printed timetable.

Host Committee Non-Rail Tours Chair – This person secures non-rail (general interest) tours for the convention and leads the Non-Rail Tour Committee. This person is a member of the National Model Railroad Convention Committee (NMRC.) This person leads a committee to identify and organize daily trips to sites of general interest during the convention. This includes contacting tour sites, securing dates, finding out the maximum number of attendees per tour, pricing, etc. Tour bus needs and contracts are handled by the NMRC. Closer to the convention this person will assist the NMRA in providing content for the printed timetable.

Host Committee Tours Chair – This person secures all tours that are rail related. This includes layout tours, prototype tours (UP, UTA, BNSF, Utah Railway, etc.) This person will coordinate with the Non-Rails Tour Chair. This person is a member of the National Model Railroad Convention Committee (NMRC) and will participate with the NMRC. This person organizes and secures daily tours to sites of railroad related sites including layout tours. Contact has already been made with Union Pacific and UTA. There is an expectation of signing up 40+ layout tours around the Wasatch Front.

Committee members – If you feel you know contacts and are willing to make calls and send and respond to emails, you may wish to sign up to assist on one of the above committees. If you have any questions, please contact the SLC2019 Convention Chair, Alan Anderson at 801-965-6640 or alan.anderson66@gmail.com

If you are interested in volunteering for the 2019 convention, Click on the link below and fill out the online form. This information will be kept private and only shared upon request with the NMRA Meeting & Train Show department.

<http://goo.gl/forms/cSKvYd8IRd>

There are opportunities to see a convention in action with the following locations for NMRA National Convention sites:

- 2015: Portland, OR - August 23-30, 2015
- 2016: Indianapolis, IN - July 3-10, 2016
- 2017: Orlando, FL - July 2017
- 2018: Kansas City, MO - Dates pending
- 2019: Salt Lake City, UT - July 7-13, 2019 - Sesquicentennial of the driving of the Golden Spike

Getting the word out can be daunting at times. I have been in the media business for more than thirty years. My job for the Division is to promote the activities of the Northern Utah Division, (such as meeting dates, information about up-coming clinics, etc.) to the magazines, E-publications like Model Railroad Hobbyist, and who ever might have an "audience" of train lovers. Many of these publications work up to four months in advance, meaning if you want to get it in their publication, for say the Sept. 2014 issue, I have to submit the material no later than June 15th as an example.

As you can see, if you have an upcoming clinic or information about a Division activity of any kind, I need to receive it ASAP. Your kind and timely input will be greatly appreciated. Thanks in advance. 😊

Steve Moore,
Division Marketing
kiss@kissmethodinc.com

Treasurer's Report

The Division spent \$96.00 for enhanced service to email the Promontory Post, good for a year. A good thing because we exceeded the free limit! By quite a bit!

The Division spent \$103.87 for 4000 Wasatch Rails 2015 mini-flyers. About half were passed out at the OT&W show at Thanksgiving Point, others were passed out to hobby shops and modelers.

The Division needs to reimburse \$10.00 for renewing the Northern Utah Division corporation, we are good into 2016.

National Narrow Gauge Conventions

For the properly narrow-minded, below is a list of the upcoming National Narrow Gauge Conventions. One does not have to be a dedicated narrow gauge fan to enjoy a National Narrow Gauge Convention, there are enough activities and opportunities for learning and making new friends that anyone will enjoy the experience. The 2017 convention in Denver is the important one, it is relatively close and participating in a National Narrow Gauge Convention will give us excellent insight into what is involved in our upcoming National NMRA convention. And National Narrow Gauge Conventions are just total fun!

35th Annual National Narrow Gauge Convention
Sept. 2nd-5th, 2015 -- Houston, Texas

Future Conventions

36th National Narrow Gauge Convention
2016 - Augusta, Maine

37th National Narrow Gauge Convention
2017 - Denver, Colorado

38th National Narrow Gauge Convention
2018 - Minneapolis, Minnesota

39th National Narrow Gauge Convention
2019 - Sacramento, California

40th National Narrow Gauge Convention
2020 - St. Louis, Missouri

Stan Jennings
Treasurer
Northern Utah Division of the NMRA

The Club Car

The Northern Utah Division is home to many outstanding modeling clubs, in every scale from Z to Live Steam. You are sure to find at least one of them that will meet your needs, so drop them a line and join the fun!

Contact information is the most recent we have on file. If you have a railroad modeling club in the state of Utah, we would be happy to include your information here. Just send us the name of your club, the scales you support in your club, and how prospective members may contact your club.

[Color Country Model Railroad Club](#) – This multi-scale club is located in the Southern Utah Division in St. George, Utah. Contact Dave Merrill by email at: professordavemerrill@gmail.com

[Color Country T-Trak Club](#) - This N Scale club, located in the Southern Utah Division in St. George, Utah, uses the T-Trak modular system. Contact the club by email at: ColorCountryTTrak@gmail.com

[Golden Spike American Flyer Train Club](#) – This S scale club meets the third Friday of each month at various club member homes. Their newsletter contains the time and place. Call Jim Buckley by phone at: (801) 252-1921 or by email at: jamesbuckley7@comcast.com

[Golden Spike Train Club of Utah](#) – This club meets Saturday Evenings from 7:00 pm to 11:00 pm, at the Old Children's Museum of Utah (840 N 300 West, SLC). Contact Mark Forslund by phone at (801) 641-6586 for more information.

[Great Basin Lego Train Club](#) – Adult fans of LEGO. Meeting times and club info is posted on their website. Contact Reed Cowan by email at: gbltc@aol.com

HOn3 Club of Northern Utah – Specializing in local narrow gauge railroads in HOn3, this group meets informally and has a layout in Grantsville. Contact Fred Voelcker by email at: fred.voelcker@gmail.com

[Hostlers Model Railroad Club](#) – This Multi-scale club, including live steam, meets the 3rd Wednesday of every month at Ogden's historic Union Station. Contact Mike Murphy by USPS mail at: 752 W 4375 South, Riverdale, UT 84405 or by phone at: (801) 394-4952.

[O Scale 3 Guys](#) – An O and On3 scale club. Contact Alan Badham by USPS mail at 3061 Bonnie Brea Ave, Salt Lake City, UT 84124 or by phone at: (801) 278-1004

[Ophir, Tintic and Western](#) – This 100% NMRA club models in HO and N and meets at the SCERA Theater Boardroom (745 South State Street, Orem) at 7:00 pm on the 3rd Thursday of every month. Contact Larry Carter by email at larrycarter@msn.com or by phone at (801) 446-8161

[Railway & Locomotive Historical Society](#) (Golden Spike Chapter) – An historically oriented group of researchers and preservationists, the Golden Spike chapter of the R&LHS meets at Ogden Station and is presently in the midst of a 20+ year restoration project of the D&RGW #223.

[South Weber Model Railroad Club](#) – This 1-1/2" club runs trains every 3rd Saturday & Sunday at South Weber Canyon Meadows Park. I-84 exit #85, two blocks south, two blocks east.

[Trackers](#) – This HO/HOn3 club meets at the Tooele Railroad Museum (35 N Broadway, Tooele) on Saturdays from 12:00 noon to 4:00 pm (from Memorial Day to Labor Day). During the off-season, club members may meet for maintenance/upgrades to the layout, as weather permits. Contact Cindy Meiser by phone at: (801) 966-7411 or by mail at: 512 Crockett Drive Kearns, Utah 84118

Utah Free-MO – A travelling HO Modular group conforming to the Free-MO standard. Contact Allen Carter by email at: Utahfreemo@aol.com

Utah Garden Railway Society – A "G scale" group dedicated to the art of Garden Railways. Contact Lynn Stringham, President (UGRS) by USPS mail at: 4464 S 4100 West, West Haven, UT 84401

Utah Large Scale Society – A G scale group that meets in various member's homes. Contact Stan White by phone at: (801) 546-4085 or by USPS mail at: 920 N 1550 East, Layton, UT 84040

[Utah Train Collectors Association](#) – Primarily 3-rail O gauge, though other scales are represented. Promotes model railroading in Northern Utah. Meets the last Thursday of each month. Contact Kent Silver (Club President) by email at: webmaster@utahutca.com

Wasatch N Scale Model Railroad Club - Contact Bob Gerald by phone at: (801) 864-0174

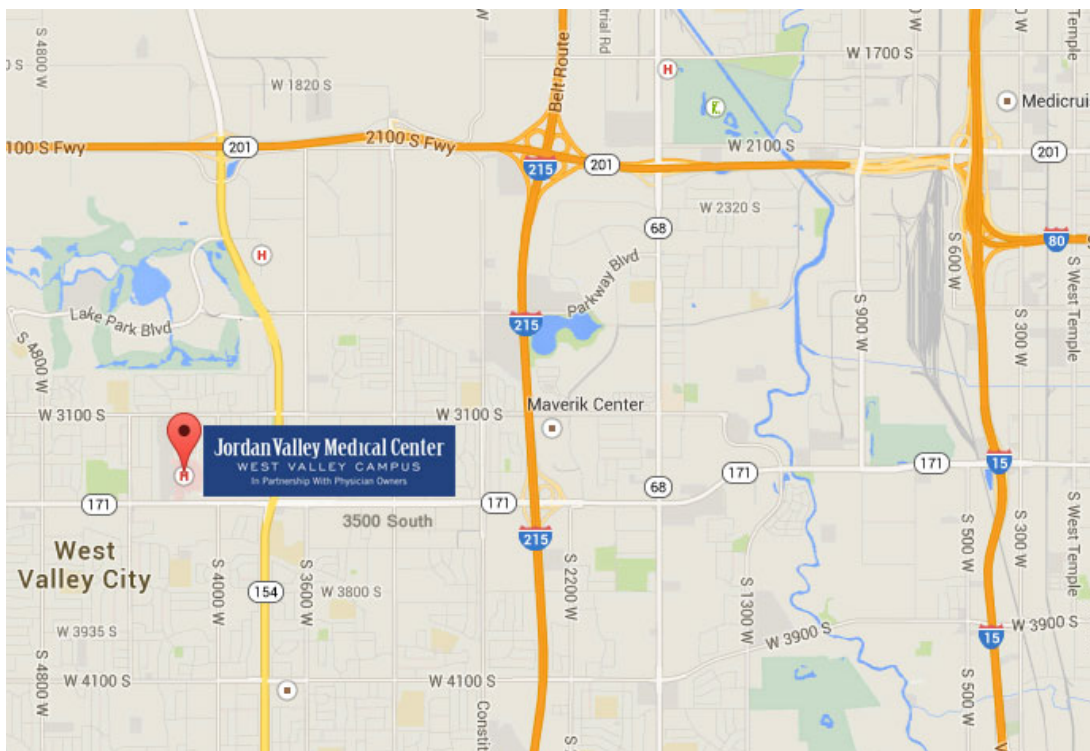

Utah's center for model railroading excellence!

Join us every third **Saturday** at the
New Jordan Valley Medical Center West Valley Campus
(Same location as the old Pioneer Valley Hospital)

from **3:00 PM to 5:00 PM**

at the Hospital's Administrative Conference Room
3460 South Pioneer Parkway in West Valley City
(4200 West 3500 South)

Jordan Valley Medical Center West Valley 3460 Pioneer Parkway, West Valley City Utah 84120

editor@northernutahnmra.org
