Come and see the completed track work on Bob and Karin's 13 x 24 foot N scale layout, a point to point design that is done with operation in mind. The layout is set in the transition era of the 50's and 60's.

Rules: There is no handicap access. There is no smoking inside. There is a bathroom available. Children need to be well behaved and supervised. Parking is on the street either on Calendula or the cross streets. The layout can handle around 12 visitors at time. Entry is through the front door and down the steps to the basement. Questions are welcome. Please feel free to take pictures.

Etiquette: When visiting, don't criticize and don't touch the equipment. Stay as long as you like, being mindful of other visitors. Please sign the guest book.

Carpool: Parking may be tight on the street so carpooling might be a good idea.
